1 oz Silver Rounds/bars, 10 oz silver bars & 100 oz silver bars are not government product, and they may be brand new, or not brand new items and it doesn't matter. This is considered bulk silver and is traded for the silver content, not the way it looks. We show a silver buffalo round on our page for the "1oz silver rounds" we show one example of a 10 oz silver bar, and one example of a 100 ounce bar. There are hundreds of patterns on the silver rounds, several manufacturers of 10 oz silver bars, and a handful of companies that make 100 oz silver bars. Your order will be filled with whatever brand of product we have in stock at the time your order is filled.

100 ounces \$30.00 postage
101-200 ounces \$35.00 postage
201-999 ounces \$50.00 postage
1,000 ounces free shipping.

Status Checking:

AJPM does not provide "status checking". We ship within 48 hours of receiving collected funds from you. Most often your package is wrapped, sitting in our safe, waiting for your payment to arrive. Registered, insured US Mail is NOT a trackable service, both for the protection of the post office, and your package.

You may email ajpm2@hotmail.com with your confirmation number, name & shipping address if your package has not been received within 20 business days of your order date.

Most clients checks arrive in 2-6 business days, depending on what state they're in, we ship within 48 hours of collected funds, and it takes 2-8 business days on average to receive your package once we postmark/mail your package.

Within 20 business days from your order date is a very reasonable time frame in which to expect your package.

Please do not call us because your personal check has cleared the bank. You should expect that your check would clear the bank before you receive your order.

Selling to us:

We buy back all product that you have purchased from AJPM, as well as any gold/silver product you have purchased from other companies.

To sell to us, when you see the price you would like to get paid on our bullion pages, call 1-800-690-4995 to place a sell order.

Tell us how many coins you would like to sell of what style, we will lock in the price with a confirmation number.

We would like the product/package shipped to us within 24 hours of confirmation, and need a call/email with the registered mail number, or article number of the package once shipped.

When you sell to us, we are counting on that product arriving to fill other orders. It is very important that you provide to us the correct size, and country of coins you are selling to us.

We pay you in the form of company check which is postmarked the same day your package arrives.

You have the option of expediting the check for a fee of \$10.00 for a USPS priority envelope which will reach you in 1-2 days.

We will wire funds directly to your account if your payment due is over \$50,000. If under \$50,000 the wire fee is \$50.00

Please give heed to the following information!

Our buy price is for **uncirculated** gold coins, that means 24 karat gold coins; Maple Leafs, Philharmonic, Kangaroo, Panda, & Bar must be SCRATCH & FINGERPRINT FREE. Eagles/Krugerrands/50 Peso, etc are 22 karat gold and unless you took a hammer to it, it real hard to have a scratch or fingerprint on the coin.

If the coin has fingerprints you can see, scratches all over the coin front and back, and looks like somebody was playing poker with it, if the bar is out of the sealed plastic, and has been handled instead of kept neatly in a plastic flip, etc. we are going to discount the coin \$20.00 on 1oz coins, and the appropriate fee for fractional coins.

When you package the coins to ship them to us, please make sure you tape the lids of any tubes, and make sure gold coins if in flips or packaging other than tubes, are packaged so they are not rubbing together. We've had several packages come in with coins loose in the box (which scratches them) due to improper packaging.

Gold coins should be sent via registered, insured US Mail.

Packages need to be stuffed fully with newspaper, peanuts, paper towels, etc, so there is no rattling or shaking of coins or tubes in the box.

Silver is exceptionally heavy and if there is not enough packing material in the box, the coins/tubes may shift and actually make a hole in the box.

Silver rounds/bars & 90% silver is best shipped using a USPS flat rate box with registered mail insurance. You may ship up to 70 pounds in a USPS flat rate box (For reference, a \$1000 bag of 90% is 70 pounds, 1000 ounces of .999 silver is 70 pounds)

Walk In Business

Buying from us:

Our retail store is open to the public Monday - Friday 8:00 am to 4:00 p.m. Saturday by appointment only, and that will usually be for a window of two hours, early in the morning. Closed Sunday.

We accept cash or cashier's checks in the store, for you to be able to take product with you.

We accept up to \$10,000 cash, per person, per year. No exceptions. Repeat customers must pay with Cashier's checks or personal checks after the initial \$10,000 purchase.

We accept personal checks, but they must clear your bank before you are able to take product with you, so you will need to make another trip into the store to pick up the items when your check clears.

We keep gold and silver bullion in stock in the store. Our inventory changes literally minute to minute on busy days, you are welcome to call and check stock, but please realize if you call at 9:00 and don't show up til 3:30, what is available in the morning may be gone, and on the other hand there may be 10 times what we had in the morning. Every day is different.

What we don't allow is people to call and ask us to hold product aside. Too many people have done that and not shown up, so items in the retail store are sold on a first come, first serve basis. Absolutely no exceptions.

The price you get for the coins is the price we show on our website at the time you come into the store. Please realize the price moves from 5:00 am to 2:00 pm, stops for 45 minutes and starts again. Some days the price moves not more than a few cents or a dollar, other days it makes tremendous moves.

If there is product that you want, that we don't have in stock at the very moment you want to purchase it, for example, a bag of 90% silver, you may put down a deposit to lock in the price, we'll order it from our depository, and you may come balance when it arrives to the store.

Remember, you always have the option to place an order, and mail in a check as our web customers do, but shipping charges, where applicable, will apply.

AJPM does 90% of its business out of state via mail order, all product advertised is available, but not always physically in Oregon state, as our depository is located on the East Coast.

It takes approximately five business days from the time you put a deposit to receive product, unless we tell you otherwise. If we buy the product before your shipment arrives, your order will be filled with that product, allowing you to pick up your order sooner.

Selling to us:

Our retail store is open to the public Monday - Friday 8:00 - 4:00 pm.

We honor the BUY price that is on our website at the time you are standing in the store ready to sell. If you are selling a coin that is not listed on our pages, we will give you a quote.

We pay cash. Upon request only we will pay with company check, and on a VERY RARE day, when we have made several LARGE purchases, we may choose to write a check. Checks written must be deposited within seven days of the issue date.

There is no limit to amount of coins you may sell.

We do not need id. You do not need an appointment to sell to us.

We buy ALL forms and types of gold coins, ALL forms of .999 fine silver coin, 90% silver, some sterling coins, 40% silver coins, silver dollars, etc. All forms of platinum and palladium coins.

We do not buy base metal foreign gold, (for example peso's you brought home from Mexico) We do not do currency exchange. We do not buy base metal (copper, nickel, brass, etc)

If you have gold or platinum jewelry, or sterling silver flatware to sell, our public buying office is called Diamond & Jewelry Buyers. (503)224-1500. They are open Monday - Friday 9-6, Saturday 10-3. Closed on Sunday. The address is: 534 SW 3rd Ave Ste 100. This is one block south of AJPM, in the Willamette Building at the corner of 3rd & Alder.
